Project Management/Agile Specialty Staffing

In today's fast-paced business climate, organizations are finding that the demand for skilled project managers and agile practitioners in the United States far outweighs readily available talent with the experience required. PMCentersUSA has been assisting clients for 20 years by providing solutions to resolve these challenges. Our innovative specialty service addresses this high-demand need for qualified project management and agile resources - just in time.

Project Management/Agile Staffing as a Service*

Engage our project management and agile solutions consultants under a streamlined professional staffing service, backed by our noted Subject Matter Experts, to assist in the successful delivery of your key initiatives.

Benefits:

- 1. Access to Exceptional PM/Agile Talent in the U.S.** – Our proven practitioners get your project done right, right here – ideal for projects with strict business or regulatory requirements for work to be completed in the U.S.
- 2. Cost Savings/Higher Quality** – Our service is lower cost than traditional staffing and provides both project management and agile-focused resources of a much higher caliber
- 3. Reduced Cycle Time** – We'll onboard from 1-25 qualified project managers and/or agile practitioners within two weeks (on average) under our Service Level Agreement
- 4. Satisfaction Guaranteed** – We provide our promise that you'll be highly satisfied with the team we deploy or we'll make changes to ensure your satisfaction
- 5. Managed Service** – We charge one monthly service fee per resource engaged to streamline the process; no timesheets are required
- 6. No Risk** – We offer you freedom from concern over co-employment risk or the tenure-rule constraints often associated with traditional staffing
- 7. Retention** – We compensate our personnel fairly and provide training and benefits, including retention incentives, to increase their stability over the life of your project
- 8. Flexibility** – We give you the ability to add or remove resources based on your changing project demands
- 9. Trusted Service Provider** – We are a leader in the Project Management industry and have been a PMI® Charter Global Registered Education Provider assisting organizations across the U.S. since 1999
- 10. Your Success = Our Success** – We succeed when you succeed. Our team works hard each day to deliver on our shared goals

PM/Agile Staffing as a Service:

Our service is available for organizations in need of 1-25 project management and/or agile consultants for a defined SOW engagement. Our services are also available to organizations utilizing VMS to obtain specialty staffing services in the area of project management or agile.

Customized Training Programs

If your organization requires targeted learning support in any area of project management, business analysis, or agile, engage PMCentersUSA to implement a custom training program uniquely customized for your specific environment and needs. We start with our Project Management Institute (PMI)® award-winning curriculum and include hands-on exercises or a case study designed to illustrate key learning objectives and drive adoption of your organization's processes and methodologies.

PMCentersUSA Subject Matter Experts (SMEs) will work closely with your team to identify the training areas of greatest need to ensure your organization receives the highest ROI from your custom program.

Our Proven 5-Step Approach:

1. **Define the Scope** – We help you to identify those within the organization in need of professional development, from executives to project team members
2. **Create a Plan** – We collaborate with you to develop a customized training approach aligned to your organization's priorities
3. **Determine Training & Delivery** – We assist you in determining course selection and level of customization and establish a schedule for roll out
4. **Deliver Private Program** – We deploy our exceptional instructor team of SMEs to deliver your program and ensure knowledge comprehension through hands-on learning and active engagement
5. **Measure Success** – Upon completion of your program, we meet to evaluate the success of the training and address any additional needs, including consulting or staffing to reinforce the adoption of newly-learned concepts

Benefits of a Custom-Designed Program:

- **Organizational Alignment** – Receive private training that's developed to drive change, organizational alignment, value creation, and attainment
- **Corporate Branding** – Create a training program addressing your company's methodologies (waterfall, agile, and/or hybrid) for managing projects successfully in your environment (The "Your Company" Way)
- **Custom Configuration** – Select from our wide range of courses, from fundamental project management to agile/scrum-based courses, to best meet your organization's training needs and choose how, when, and where they are delivered

Leverage our Subject Matter Experts to assist with:

- **Legacy Artifacts** – Review your methodologies, tools, templates, and procedures to validate your existing model or recommend changes as needed
- **Project Reviews** – Analyze historical project data to improve future project management/agile efforts
- **Project Management/Agile Specialty Staffing Solutions** – Obtain experienced project management and/or agile practitioners via SOW engagements to lead your teams to deliver your most critical, time-sensitive, and visible projects successfully

Customized programs to meet your specific training needs!

Consulting Services

For organizations seeking expert help with Project Management or Agile transformations, PMCentersUSA is an experienced, trustworthy resource providing a range of consulting services to deliver exceptional outcomes for our clients.

Since 1999, we have been aligned with the Project Management Institute (PMI)®, serving our clients across the U.S. in the areas of consulting and organizational training based on the standards and best practices established in PMI®'s *A Guide to the Project Management Body of Knowledge*, (PMBOK® Guide).

Our consultants offer keen insights acquired from their wide-ranging experience in project, program, and portfolio management as well as agile within both the private and public sectors. PMCentersUSA works closely with organizations to understand their project management and/or agile-based challenges and recommend effective solutions to drive improved performance.

Our Consulting Services include:

- Organizational Assessment & Gap Analysis
- Project Audits and Reviews
- Review of Project Process, Procedures, & Templates
- Requirements Process and Scope Assessments
- Risk Plan Assessment
- Communications Plan Assessment
- Change Control Consultation
- Contract Compliance Assessment
- PMO or BA Center of Excellence Implementation
- Organizational Professional Development Consultation

Review of Project Process, Procedures, & Templates

PMCentersUSA utilizes our extensive library of effective agile, business analysis, and project management artifacts and templates to support organizations seeking to improve their project management/agile process. We conduct project assessment services and recommend specific methods to optimize performance.

Project Reviews, Coaching and Continued Support

Our experienced consultants work with organizations to assess a project in its entirety or to focus on a certain area of concern such as cost, schedule, quality, or contract/regulatory compliance in an effort to enhance existing practices. Our project management, agile, and business analysis consultants also provide coaching and continued support for organizations. Coaching is a proven hands-on method of working one-on-one with key individuals or small teams and typically includes:

- Cultivating skills and leadership development
- Providing guidance in policy, process, and methodology
- Applying newly-learned skills to actual projects
- Developing skills specific to an organization or project

Organizational Professional Development Consultation

PMCentersUSA assists companies interested in obtaining project management or agile training for their personnel as part of an organizational professional development training initiative. For any organization to gain meaningful value from such an undertaking, we consistently recommend that all members of the company – from the executives to the project team members - participate in the training program. This ensures that a common understanding is established across the organization, providing the best foundation for adoption and continued maturation.

Oftentimes, we are asked to customize our standards-based training curriculum to incorporate a company's proprietary methodology or reflect a particular industry to make a private training program very specific. Customization efforts can also include developing unique case studies or exercises to meet a client's distinct learning objectives. Leveraging our consultative approach, PMCentersUSA works collaboratively with our clients to produce and deliver powerful training programs to drive transformative change.

About PMCentersUSA

PMCentersUSA is a Project Management Institute (PMI)[®] award-winning Professional Development Provider of the Year and a recognized leader in delivering corporate solutions, including complete project life cycle and agile-based consulting, specialty staffing, and custom training. Our team consists of Subject Matter Experts and Senior Solutions Consultants with years of experience assisting organizations undergoing improvement initiatives, including agile transformations or the implementation of PMOs and BA COEs.

To reinforce adoption of company-specific processes for managing projects, we work closely with organizations throughout the country to develop customized private training programs targeting their unique methodology and environment. We utilize our PMI[®] standards-based curriculum and customize our courseware, case studies, and exercises to promote comprehension of newly-learned concepts and techniques.

In addition to consulting and training services, we offer Project Management/Agile Staffing as a Service. This managed service provides corporations with experienced project managers and/or agile practitioners under a defined SOW engagement to assist in the delivery of key initiatives. This specialty service leverages the cumulative expertise of PMCentersUSA, enabling organizations throughout the U.S. to engage proven project management and/or agile-focused solutions consultants with demonstrated competencies for key project demands.

Mission

To provide educational programs, consulting services, and specialty staffing solutions in project management and agile that enable our clients to achieve improved project performance and benefits realization.
