

Pm Centers USA®

Offering Project Management Solutions to the DC Metro Area

Project Management-as-a-Service (PMAaS)

1. Quality: We deploy proven project professionals -- qualified, supported, and monitored by our distinguished PM & BA Technical Subject Matter Experts.
2. Scalability: We provide 1-25 resources every 10 days (included are PMs, BAs, Scrum Masters, Program Managers).
3. Speed: Time Matters! Average time to start a resource is based on a Service Level Agreement (SLA), which is measured in days.
4. On-Demand: Engage our service any time you need experienced project practitioners quickly that you can count on.
5. Cost Predictability: We charge a flat monthly service fee.
6. Simplification: Our PMAaS process dramatically simplifies and streamlines traditional efforts to on-board qualified project resources and delivers results.
7. Co-employment Risk: Eliminated.
8. Trusted Service Provider: We're a leader in the project management industry, a Project Management Institute (PMI)® Award-Winner and Charter Global REP since 1999 with 20 years of cumulative experience delivering specialty PM & BA solutions throughout the U.S.
9. Breadth & Depth: We offer Big 4 capability at a fraction of the price.
10. Satisfaction Guarantee: Your success = our success. We partner with you to ensure your satisfaction with our service!

Consulting Services

- Our solutions consultants assist with improvement initiatives in Project/ Program Management, Agile, Project Controls & Business Analysis to drive enhanced organizational performance.
- We work closely with your team to understand your company's specific challenges and recommend solutions to deliver targeted outcomes.

Customized Training

- Work with us to implement a custom training program to impart standards-based concepts and techniques along with your company's defined project process to increase your effectiveness and efficiency.
- You can rely on our more than 20 years of experience delivering private and custom training programs leveraging our PMI® award-winning curriculum and our exceptional instructor team.
